Unique Photos

Volume II

Atty. Dominador D. Buhain

REX
BOOK STORE, INC.

Foreword

Unique Photos Part II is a continuation of an earlier photo compilation under the same title. The present volume covers photos taken from July 2003 to December 2008.

The sentiment expressed in the beginning page of the earlier volume is similar, thus doing away with the need to compose another foreword.

Footnotes on boats and other water transports are provided predominantly in the pages to give basic identification and description of each of them.
